Polygiene®

STAY FRESH

Polygiene AB certifies that it is regularly supplying ORIGINAL BUFF, S.A. with the Polygiene AT300 solution for the antibacterial treatment of their lines of multifunctional headwear.

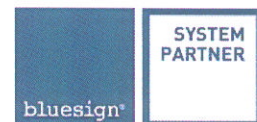

Polygiene's product Polygiene AT300 is bluesign® approved as it successfully exceeds the high requirements of the bluesign® standard which is based on five principles: resource productivity, consumer safety, air emission, water emission and occupational health and safety.

For more information on the bluesign® standard, please visit www.bluesign.com

Issued in Malmö, 19th of November, 2009

Christian von Uthmann
CEO, Polygiene AB

Polygiene is based on natural silver salt made from recycled silver which inhibits the growth of microorganisms, such as odor-causing bacteria and fungi. The effect of the Polygiene treatment is permanent.
